1. Executive Summary

The following were used as guidance to compile the 2017/18 Medium Term Revenue and Expenditure Framework (MTREF):

- National Treasury's MFMA Circular No. 86 : Municipal Budget Circular for the 2017/18 MTREF;
- National Treasury's MFMA Circular No. 82 : Cost Containment Measures (updated November 2016);
- Municipal Budget and Reporting Regulations (MBRR);
- National & Provincial Budgets;
- Division of Revenue Act (DoRA);
- Western Cape Provincial Treasury: Gazette No.7742;
- Municipal Regulations on a Standard Chart of Accounts in government gazette Notice No. 37577 on 22 April 2014;
- The municipality's IDP.

The main challenges experienced during the compilation of the 2017/18 MTREF can be summarised as follows:

- The current ongoing economic difficulties faced by our country;
- Local political instability and its effects on the Municipality's administrative functions and processes;
- The need to reprioritise capital projects and expenditure within the existing resource envelope given the cash flow realities and declining cash position of the municipality;
- Wage increases for municipal staff that continue to exceed consumer inflation, as well as the need to fill critical vacancies;

In view of the aforementioned, the table below is a consolidated overview of the proposed 2017/18 Medium-term Revenue and Expenditure Framework:

R thousand	Adjustments Budget 2016/17	Budget Year 2017/18	Budget Year +1 2018/19	Budget Year +2 2019/20
Total Revenue (excluding capital transfers and contributions)	264,959,044	291,941,792	278,723,630	291,864,677
Total Expenditure	279,027,263	304,767,191	284,304,160	296,145,362
Surplus/(Deficit)	-14,068,219	-12,825,399	-5,580,530	-4,280,685
Total Capital Expenditure	43,358,003	14,840,000	14,347,000	29,885,000

Total operating revenue are projected to grow by 10.18 per cent or R27 million for the 2017/18 financial year when compared to the 2016/17 Adjustments Budget. For the 2018/19 year operational revenue will decrease by 4.53 per cent and increase again by 4.71 per cent

in 2019/20 financial year. The decrease in the 2018/19 are due to a reduction in operating grant transfers.

Total operating expenditure for the 2017/18 financial year has been appropriated at R304.7 million and translates into a budgeted deficit of R12.8 million. When compared to the 2016/17 Adjustments Budget, operational expenditure has grown by 9.2 per cent in the 2017/18 budget and decrease by 7.2 per cent in 2018/19 and will increase again by 4.16 per cent in 2019/20.

The capital budget of R14.8 million for 2017/18 is 65.77 per cent less when compared to the 2016/17 Adjustment Budget. The reduction is due to a decrease in transfers from national and provincial government as well as the cash flow realities and declining cash position of the municipality. The 2017/18 capital budget is funded mainly from national transfers (MIG) of 93 per cent and the remaining 7 per cent from internally generated funds (CRR). For the two outer years the capital budget is 100 per cent funded from national transfers MIG and INEP. Consequently, the capital budget remains relatively flat over the medium-term.

1.1. Operating Revenue

The Beaufort West Municipality remains committed at improving the quality of services provided to its residents within the municipal jurisdiction. In order to do this the Municipality needs to generate the required revenue.

The national, provincial and local economic outlook remain weak and will continue to pressurise municipal revenue generation and collection levels hence a conservative approach were used to in projecting revenue. Non-priority spending should be limited and stringent cost-containment measures should be implemented as per National Treasury's MFMA Circular No. 82 : Cost Containment Measures (updated November 2016).

In these tough economic times strong revenue management, political will/support and support from all directorates will be absolutely fundamental to ensure that the budget can be implemented and to foster financial sustainability over the MTREF.

The municipality's revenue strategy is built around the following key components:

- National Treasury's guidelines and macroeconomic policy;
- Local economic development;
- Efficient revenue management, which aims to ensure a 93 per cent annual collection rate for property rates and other key service charges;
- Electricity tariff increases as approved by the National Electricity Regulator of South Africa (NERSA);

- Achievement of full cost recovery of specific user charges especially in relation to trading services which remain a challenge;
- The municipality's Budget Policy as well as the Funding and Reserves Policy;
- The municipality's Property Rates Policy approved in terms of the Municipal Property Rates Act,
- The municipality's Indigent Policy and rendering of free basic services; and
- Tariff policies of the municipality.

The following tariff increases are foreseen/proposed for the 2017/18 financial year:

- | | |
|-------------------------|---------|
| ➤ Property rates | - 7% |
| ➤ Water | - 7% |
| ➤ Refuse | - 7% |
| ➤ Sanitation | - 7% |
| ➤ Electricity | - 1.88% |
| ➤ Miscellaneous tariffs | - 5% |

Free Basic Services: Basic Social Services Package for the 2017/18 financial year:

The social package assists households that are poor or face other circumstances that limit their ability to pay for services. To receive these free services the households are required to register in terms of the Municipality's Indigent Policy.

The approved indigent subsidy are categorised as follow:

- Category A – Income group (R0 – R200)
- Category B – Income group R200 – R1 600)
- Category C – Income group (R1 601 – R3 200)

The free basic services consist for 50 kWh electricity and 6 kl water per month to all households with an income up to R 3 200 per month. For category A sewerage service and refuse removal are subsidized in full and for Categories A and B only sewerage are subsidized but only partially.

An amount of R16.8 million is allocated to the provision of free basic services in terms of council's indigent policy.

The cost of the social package of the registered indigent households is financed by national government through the local government equitable share received in terms of the annual Division of Revenue Act.

The table below is a summary of the main revenue source over the 2017/18 MTREF:

In line with the formats prescribed by the Municipal Budget and Reporting Regulations, capital transfers and contributions are excluded from the operating statement, as inclusion of these revenue sources would distort the calculation of the operating surplus/deficit.

The Beaufort West Municipality depends largely on service charges to balance its budget. Service charges as a percentage of total revenue are as follows:

- Service charges – electricity : 25.5 %
- Service charges – water : 6.7 %
- Service charges – sanitation : 5 %
- Service charges – refuse : 2.5 %

Service charges in total equates to 39.8 percent of total revenue for 2017/18 financial year.

The second largest contributor to total revenue relates to Transfers and subsidies at 31.7 percent. The table below provides the funding made available from National and Provincial Government for the 2017/18 budget year. These allocations are gazetted in the DoRA and the Western Cape Provincial Treasury Gazette.

Total Expenditure	277,760,193	279,027,263	304,767,191	284,304,160	296,145,362

The budgeted allocation for employee related costs for the 2017/18 financial year totals R93.5 million, which equals 30.7 per cent of the total operating expenditure. The budgeted salary increase are based on three-year Salary and Wage Collective Agreement for the period 01 July 2015 to 30 June 2018. The preparation of the 2017/18 MTREF constitutes implementation of the last year of the agreement. The municipality budgeted for average CPI (Feb 2016 – Jan 2017) + 1 per cent = 7.6%.

Municipalities were advised to budget for remuneration of councillors based on the actual costs approved in accordance with the Government Gazette on the Remuneration of Public Office Bearers Act: Determination of Upper Limits of Salaries, Allowances and Benefits of different members of municipal councils published annually between December and January by the Department of Cooperative Governance. Remuneration of councillors equates to 1.8 per cent of the total operating expenditure.

The provision of debt impairment amounts to 11.6 per cent of the total operating expenditure and relates to the non-payment of rendering municipal services as well traffic fines. The provision was determined based on an annual collection rate of 93 per cent and the Debt Write-off Policy of the municipality for services and for traffic fines based on past experience.

Provision for depreciation and asset impairment constitutes about 5.6 per cent of total operating expenditure.

Finance charges consist primarily of the repayment of interest on long-term borrowing, finance lease and interest on overdraft facilities. Finance charges make up 0.6 per cent (R1.7 million) of operating expenditure. No additional borrowing are planned over the MTREF to finance the capital budget 2017/18 MTREF.

Bulk purchases consist of electricity and water and equates to 22.3 per cent of total operating expenditure. Electricity bulk purchases were increased by 0.31 per cent as per NERSA's guide. Water bulk purchases were increased in line with inflation.

Other materials comprises of amongst others the purchase of fuel, diesel, materials for maintenance, cleaning materials and chemicals. For 2017/18 the appropriation against this group of expenditure amounts to 9.1 per cent (R27.8 million); 8.5 and 8.7 per cent for the two outer years.

Contracted services relate to services such as security services that are outsourced. It constitutes to 1.2 per cent of total operating expenditure for 2017/18 and 1.4 respectively for the two outer years.

Other expenditure comprises of various line items relating to the daily operations of the municipality. Other expenditure constitutes about 17.1 per cent of total operating expenditure for 2017/18 and 9.6 and 9.4% for the two outer years.

1. Government Finance Statistics Functions and Sub-functions are standardised to assist the compilation of national and international accounts for comparison purposes
2. Total Revenue by functional classification must reconcile to Total Operating Revenue shown in Budgeted Financial Performance (revenue and expenditure)
3. Total Expenditure by Functional Classification must reconcile to Total Operating Expenditure shown in Budgeted Financial Performance (revenue and expenditure)
4. All amounts must be classified under a functional classification. The GFS function 'Other' is only for Abattoirs, Air Transport, Forestry, Licensing and Regulation, Markets and Tourism - and if used must be supported by footnotes. Nothing else may be placed under 'Other'. Assign associate share to relevant classification.
